

Sara Khatri

UX/UI Designer

sara.khatri@outlook.com | <http://sarakhatri.github.io/>

SUMMARY

As a graduate of Economics, my highly analytical undergraduate studies led me to search for a career that would allow me to utilize my creativity and problem solving ability as well. My unique background allows me to see things from many different perspectives to design novel solutions. As a designer, my goal is always to design digital products that improve users' lives.

EDUCATION

edX: University of Michigan School of Information 2016 – 2017

MicroMasters in User Experience Research & Design

- Understood user needs and how human behavior impacts the experience
- Topics covered included usability testing, design principles and approaches to UX research

Bloc Inc. 2015
